We are aware however, that discrimination, prejudice, unfairness and oppression exist in every aspect of daily living, including:
• Ethnic minority groups
• Women
• People with disabilities
• Age
• Bisexuals
• Gay and Lesbians

We actively pursue an equal opportunities policy within the organisation not just for our employees but also for the children placed with our Foster Carers. Culture, age, gender, ethnic origin, religion, language, sexuality and disability are all sensitively addressed during the matching procedure. Equal opportunities form an important part of our Foster Carer’s training programme.

Management and Structure
In accordance with NMS Standard 25

Affinity Fostering commits to safer recruitment and selection of staff. All staff members that may have access to children are thoroughly vetted as required under The Protection of Children Act, 1999 and Care Standards Act 2000 and NMS 2011.

Standard 19.
Detailed job descriptions, Person Specifications, Contracts and Conditions of Service are provided for all staff members by the Head of Business Services who holds the Specialist Paralegal in Employment Law Degree. All Social Workers are registered with the HCPC and memberships renewed as required. Regular Supervision and Annual Staff Appraisals are conducted, and include identifying training needs and interests. The appropriate organisational structure and systems are in place to ensure that Affinity Fostering meets the needs of the service users.

Management and Support
In accordance with NMS 2011 Standard 21

It is recognised that placing ‘looked after children’ often makes large and varied demands on the Foster Carers. Through Affinity Fostering’s continuous professional development programme, our Foster Carers are trained to meet the demands of children who have been exposed to high levels of neglect, deprivation or abuse. Foster Carers for Affinity Fostering are selected for their tenacity, as the demands of fostering are rigorous and it is expected that Foster Carers will work through difficult issues and concerns with the support of Affinity Fostering personnel.

It is the Supervising Social Worker's responsibility to manage and support the Foster Carer in the fostering task. Affinity's Supervising Social Workers and Foster Carers understand that the child's needs are paramount.

Supervising Social Workers visit the Foster Carers they support regularly both when children are in placement as well as when the Foster Carers are awaiting their next placement, this is in addition to ongoing telephone support.

Affinity Fostering subscribes all of their Foster Carers to FosterTalk which provides a range of independent supports including legal services and insurance. Affinity are members of National Association of Fostering Providers (NAFP).
A qualified named Social Worker is identified as the Supervising Worker and will complete newly approved Foster Carer’s Induction programme.

Support begins with the induction programme. During the matching process additional support will be given from consultation regarding the views of the Foster Carers. On-going support is bespoke, ensuring the right level is achieved, according to the needs of the child and the Carers.

Emergency Support (on call service), staffed by experienced Supervising Social Workers, is accessible to Foster Carers outside of office hours, 7 days per week, 52 weeks per year. A qualified Manager is also on back up duty to advise and support.

Support Groups are held on a regular basis and in venues convenient to Foster Carers. These are groups where information can be shared and any issues can be raised with the agency and most importantly Foster Carers can socialise together, learn from and support each other.

Supervisory Visits - Regular supervision and support meetings are held between Supervising Social Worker and Foster Carers. Supervision meetings are an opportunity to discuss the needs of the child in placement and that the Foster Carer is able to progress the child's care plan. Any concerns or challenges are also identified and discussed with action plans identified. These meetings are formally recorded on a template that covers the secure base/ five outcomes and signed off by both parties and overseen by the Registered Manager.

Supervising Social Workers have primary responsibility for developing the skills of Foster Carers and identifying training needs with Foster Carers is a key part of the Supervising Social Worker’s role. All Supervisions are fully recorded and signed off by the Foster Carer and the Supervising Social Worker before being seen by the Line Manager.

Unannounced visits/Annual inspections will take place at all Affinity Foster Carers homes including any holiday homes/caravans. These inspections will also include an audit of the Foster Carer's practical steps to ensure that they are fully compliant with the new GDPR Regulations 2018 and cyber security. They will receive at least one unannounced visit each year in line with Regulations.

Affinity’s Senior Management Team hold regular ‘Keeping in Touch’ Days (KIT) that follow on from the monthly Management meetings in local areas. The KIT days provide the opportunity for Foster Carers to meet with the Management Team to share their views, concerns and developmental ideas for the Agency. Management also use these meetings to obtain feedback from Foster Carers about the level of support they receive and / or require.

**Affinity Fostering Staff Team**

In accordance with NMS 2011 Standards 17/19

Social Work Practice Meetings are held monthly attended by all staff and management. Social Workers and Managers will also hold regular Team Days and training events.

The Directors are responsible for the day to day management and strategic direction of the organisation. Both Directors have considerable experience in managing Fostering Agencies and have done so for many years.

All Social Workers are required to hold a recognised Social Work Qualification and be registered with the Health and Care Professions Council.
The Head of Business Services is suitably qualified in Human Resources and Administration Management and has much experience of working within Independent Fostering Agencies.

All staff will receive regular supervision and Annual appraisals and have access to regular training, ensuring they are aware of new developments, key changes in legislation, processes and best practice.

In addition to permanent staff there is a pool of individuals who will work for Affinity Fostering on an independent, self-employed basis across a variety of roles including Panel Members, Specialist Consultants, Independent Trainers, Form F Assessors and Support Workers.

Panel Members will be overseen by the Panel Chairperson, Form F Assessments will be supervised by the Practice Manager/Principal Social Worker, Support Workers by the Practice Manager.

An additional Assessment report is completed for those Foster Carers who seek approval either to be approved for Permanency or to become Foster Carers for Parent and Child placements. She/he visits the applicant(s) home generally on 6 - 8 occasions, to meet and collect information about all members of the household and their support networks. Any children within the household will also be interviewed separately.

The assessment can take up to 6 months but must be concluded within 8 months of date of enquiry and every effort is made to ensure there is unavoidable delay. All information obtained about prospective Foster Carers is held on file. Upon request this can be viewed under the Freedom of Information Act. References from external agencies (DBS, Local Authorities, Medical and professional references, NSPCC and Probation) are sought. The referees are made aware that the reference could be shared with the Applicant if they so request, under the Freedom of Information Act.

References from external agencies (DBS, Local Authorities, Medical and professional references, NSPCC and Probation) are sought. The referees are made aware that the reference could be shared with the Applicant if they so request, under the Freedom of Information Act.

The assessment is supervised by a Social Work Manager. The completed assessment is shared with the prospective Foster Carers.

The document is sent to the Panel Members at least 7 working days in advance of the Panel Meeting to enable full and proper consideration.

Annual Reviews

The procedure for reviews is detailed and reflects the Statute law, Regulations and National Minimum Standards 2011.

Foster Carer Reviews are held annually unless the Panel have advised for it to be held sooner, or there is a complaint or allegation that necessitates an earlier review. First Reviews will be presented to the Independent Foster Panel with the option to present Fourth and Seventh Annual Reviews for quality assurance reasons.
The review procedure is based on the core competencies as set out in the Coram BAAF Form F Assessment.

The Review is conducted by an Independent Reviewing Manager. The First Annual Household Review Report format is completed on the Five Outcomes with subsequent Review Reports based the Secure Base methodology.

**Guidance on the Purpose and Conduct of Reviews**

The Fostering Services Regulations 2002 (Regulation 29), the National Minimum Standards for Fostering Services (2011) and the UK National Standards for Foster Care (1999) require that the suitability of Foster Carers is reviewed within one year of approval and at intervals of not more than one year thereafter.

The primary purpose of any Foster Carer Review is for a fostering service provider to satisfy itself that the Foster Carer(s) continue(s) to be suitable to carry out the responsibilities of fostering children/young people and to determine if the Foster Carer household remains an environment in which the welfare of any child/young person placed will be safeguarded and promoted and meets the expectations of Affinity Fostering.

Annual Reviews are also an invaluable opportunity for Affinity Foster Carers to give feedback on the level and quality of support received from the agency, including an appraisal of how their training and development needs have been addressed. Future training and development needs should also be identified as well as future support needs. Completion of a Foster Carer’s Review is also the main vehicle within Affinity for routine updating of statutory checks/enquiries in relation to Foster Carers and for ensuring that the foster home can comfortably accommodate all who live there and is a safe environment. Affinity seek feedback from young people, which is age appropriate, as well as placing Local Authority Social Workers. Foster Carer’s own birth children are also invited to share their comments, if applicable.

Disclosure and Barring checks will be carried out and be renewed every 3 years (NMS, Standard 19). A foster home will be inspected annually to make sure it meets the needs of foster children.

In completing assessments of prospective Foster Carers, Affinity Fostering undertakes enhanced Disclosure and Barring checks in relation to other household members who are aged 18 years plus.

For Foster Carers, Disclosure and Barring checks are undertaken at 3 yearly intervals and all members of the Fostering Household 18 years or over will be subject to this.

Medical Updates will be undertaken every three years with a Medical Questionnaire. Update completed as part of the Annual Household Review process on alternate years.

Issues emerging from the updating or completion of statutory checks/enquiries will be fully explored with the individual.

A Coram BAAF Form F will have been completed for all Foster Carers. Coram BAAF Form AH1 is completed by the applicant’s GP to ensure the applicant is fit to Foster. This document is also confirmed by Affinity Fostering’s Medical Adviser who will add any necessary comments. Any issues arising from medical reports will be discussed with the Foster Carer.

Affinity Fostering is committed to Foster Carers having the maximum opportunity to participate in and contribute to Annual Reviews, and will support and assist Foster Carers to achieve this.
objective. As well as making their own written and oral contributions Foster Carers will receive a copy of the completed Reviewing Officer’s Report for comment regarding the accuracy and fairness.

Affinity Fostering ensure that all Foster Carers complete a new Foster Care Agreement (Care Standards Regulations 28(5)(6) and Fostering Service Regulations 2001 Schedule 5) following their First Annual Review to remind them of their duties and responsibilities. At Affinity Fostering, Foster Carer Reviews are completed:

- Not less than yearly as specified by the Regulations and Standards and where there has been a serious or significant incident or event in the life of a Foster Family which raises questions about suitability to foster and/or their capacity to provide appropriate care for fostered children/young people.

- Following a serious complaint and/or allegation of abuse in relation to a Foster Family

Detailed financial information and guidance is supplied to Foster Carers within their Foster Carer Handbook and Finance for Foster Carers Policy and are also provided with a detailed annual statement. In accordance with economies of scale and the good working relationship we have with Local Authorities the fees paid to Foster Carers shall vary with sibling groups. This will usually mean a reduction per child per sibling groups of 2 or over.

If Foster Carers choose to take their young people on holiday and not take their respite entitlement this will be calculated and paid to them at the end of the year.

Local Authorities may contact Affinity Fostering for details pertaining to charges (in addition charging information will be sent prior to agreement of any placement). Any additional support identified can facilitate as required additional rates.

Affinity Fostering hold contracts with the ER Consortium and London Care Services and fee structures are agreed within those contracts.

Affinity Fostering also provide spot purchase services and are confident that we offer best value competitive fees whilst providing an outstanding service.

**Panel**

In accordance with NMS 2011 Standard 14

All initial Foster Carer Assessments, First Annual Reviews will be presented to an Independent professional multi-disciplinary Foster Panel with the option to present Fourth and Seventh Annual Reviews for quality assurance purposes. It is our expectation that the Foster Carers will attend Panel on their First Annual Household Review. Whilst the Panel’s main function is to evaluate Foster Carer applications, Annual Reviews including changes to Approval Terms, it also acts as a steering group for the organisation maintaining and improving quality standards and practice as well as to offer advice and guidance on other matters.

All prospective Foster Carers attend the Panel with their Assessing Social Worker.

The Foster Panel will make their recommendation about the suitability of the applicants and the range of their approval status.

The Panel Advisor, Carole Carter will be available to advise Panel on any legislative and Care Standard issues. Carole has vast experience as Panel Advisor and Management within Fostering Services.
Agency Decision Maker
Legislation requires that no member of a fostering Panel should take part in any decision made by a fostering service provider and effectively creates a distinction between a fostering Panel’s recommendations and the separate decision making responsibilities of the Agency Decision Maker. The Decision Maker will not participate in Panel meetings.

The Decision Maker will receive copies of all papers (agendas, minutes and reports) circulated to Panel members for Panel meetings. In making the decision, the Decision Maker will take account of Panel’s recommendation and s/he will see the Panel's final minutes. In complex cases the Decision Maker may need to clarify points with the Panel Advisor or the Chair. However the Chair is not allowed to take part in the decision making process and will need to be mindful of this.

Affinity Fostering Services Decision Maker, Denise Robins, an experienced Senior Manager who is also the Responsible Individual for the organisation, will consider the recommendation and Panel Minutes within two working days of the Panel's Recommendation and final set of approved Panel Minutes. The prospective Foster Carer will be informed orally within two working days and written confirmation will be sent within five working days.

Training
In accordance with NMS 2011 Standard 20

Affinity Fostering recognise that the needs of Looked After Children and Young People will change over time. To this end we actively support the continuous professional development of our staff and Carers through training. Training is a crucial element of Affinity Fostering’s support to Foster Carers and staff team.

The induction of new Foster Carers, including TSD information, is undertaken by their Supervising Social Worker. Foster Carer’s Continuous Professional Development Plan (PDP) is considered within every Annual Review.

The Foster Carer Agreement which the Foster Carers sign to agree to attend regular training which is a requirement and expectation of being a Foster Carer for Affinity Fostering. Foster Carers who have not attended training and have not submitted acceptable reasons will be taken back to Foster Panel to seek advice and guidance on way forward.

**Complaints and Allegations Against Staff and Foster Carers**

**Background**

To ensure that Foster Carers are managed in an appropriate and proper manner, The Placement (of Children) Regulations and Vol. 3 of the Children Act Guidance requires that a complaint procedure to respond to complaints from Foster Carers in a manner that can be demonstrated to be open and fair is in place.

Affinity Fostering aims to deal with complaints quickly and effectively. Complaints can be made by, or on behalf of children and young people, by Foster Carers and by Affinity Fostering staff and also other Professional bodies and individuals. Complaints may range from minor concerns which require informal discussion, through to serious concerns requiring formal consideration in relations to standards of care and/or child protection matters. The outcome of complaints can range from discussion and advice, through to clear directions of essential actions to deregistration and possible prosecution.

Certain complaints indicate that a company, rather than an individual response is critical. The purpose of the Complaints Policy and Procedure is to clarify the process that must be followed when a complaint is made. The following documents should also be referred to:

- Allegations against Foster Carers and Staff Policy
- Child Protection Policy and Procedure
- Staff Disciplinary and Grievance Policies and Procedures
- Whistle Blowing Policy
- Customer Care Policy
- Children’s Guide

**Complaints and Representations**

Affinity Fostering have established written procedure for considering complaints. In addition to this The Registered Manager shall on request supply to Ofsted a statement containing a summary of any complaints made during the preceding twelve months and the action taken in response.

Notifications will be made to Ofsted by the Registered Manager who is kept fully informed so that they keep Ofsted fully aware of any investigation and its outcome.

There is a register to track all Ofsted Notifications to ensure that all are concluded as appropriate and signed off by the Registered Manager.

**Complaints by Foster Carers**

The Foster Carer’s Handbook which provided during the induction process gives clear guidelines on making complaints. Foster Carer’s training covers making complaints. Specific training is also delivered on safe caring, managing complaints and allegations. Affinity
Fostering offers 24 hour support service so complaints and allegations can be reported and dealt with 24/7, 365 days per year.

Affinity Fostering recommends that any complaint made by a Foster Carer could first be discussed with their Supervising Social Worker. This may resolve the complaint, if not a meeting will be arranged between the Foster Carer and the Registered Manager to resolve any concerns.

There are two stages within the Procedure to be followed should any issues or concerns raised by the Foster Carer with alleviated through discussion with their Supervising Social Worker.

Part of this discussion may cover whether it would be more appropriate for the complaint to be directed to the local authority with responsibility for the child’s placement under the local authority’s complaints procedure.

**Informal Resolution – First Stage:**
Following receipt of a written complaint the matter will be investigated by the Complaints Officer. The Foster Carer’s letter will be acknowledged within seven days. The investigation into the complaint will be completed within 28 days. The person carrying out the investigation will meet with the Foster Carer who can have a representative present at this meeting.

A letter of resolution or outcome will be issued in response to informal complaints by the Foster Carers by the Registered Manager, including details of how the matter was investigated, by whom and with the relevant facts to support the outcome.

This stage of informal resolution will be completed **within 6-weeks** from the official complaint.

**Formal Resolution - Second Stage: (if cannot be resolved informally in the first instance)**

Affinity Fostering is committed to resolving conflicts and concerns at an early stage – **Stage One** - wherever possible, but in the interests of transparency and a commitment to individual interests/rights, individuals are able to complain at **Stage Two** in the first instance if they so wish. Affinity Fostering will ensure that complainants are kept informed regarding the progress of their complaint. In the event that any complainant is not satisfied at any stage, they may and should avail themselves of the right to make a complaint to the Regulatory Authority.

**Representation in Respect of Terminations**

Termination of approval is usually considered in line with the Foster Carer’s Annual Review following complaints or serious standards of care issue. If the Independent Fostering Panel recommends de-registration of the Foster Carer and Affinity Fostering supports this recommendation, this is confirmed in writing with the reasons allowing a 28 day period for the Foster Carer to make representations. Foster Carers will be made aware of their right to lodge an appeal with the Independent Review Mechanism.

**Complaints Made by Children, Parents or Local Authority Social Workers**

It is important that children and young people who are being looked after by Affinity Fostering are satisfied with the service they receive.

Upon the commencement of their placement, children and young people are provided with an Affinity Children’s Handbook which sets out the process of how to complain.

In order that Affinity Fostering can investigate the complaint fully, the complaint has to be about services provided by Affinity Fostering Services to children and their families. It can be made by either:

  - A parent;

**Complaints Raised by Affinity Fostering Employees**

It is essential that grievances from employees are treated fairly and consistently.

The grievance procedure is a legal requirement and both parties, Affinity Fostering and the employee, are required to follow the procedures.

A grievance is defined as a complaint by an employee about an action which their employer has taken or is contemplating taking in relation to them, and this can include actions of other employees. It does not apply to dismissals and normally does not apply to complaints about other disciplinary action, as an employee must use the appeals procedure in these circumstances.
It is important that employees feel comfortable to communicate openly within the company. Therefore, if any individual has a grievance Affinity Fostering will make every effort to address this to find an equitable solution via the grievance policy.

Employees should be encouraged to raise these issues informally in a confidential meeting prior to implementing the grievance policy. This may solve the problem quickly and protect good working relations. All information will remain confidential unless a criminal offence has occurred or there is a risk of personal danger.

**Quality Assurance**

In accordance with NMS 2011 Standard 25.

Affinity Fostering ensures maintenance of a rigorous QA monitoring system of all Policies and Procedures. Additionally, individual files and recordings are considered monthly to ensure current information is available to all staff.

- Outstanding
- Good
- Requires Improvement
- Inadequate

In addition, Panel Chair will also confirm that Assessments presented to the Independent Panel will evidence that applicants and/or Foster Carers have met or continue to meet the Fostering Competencies as required under the Fostering Standards.

Affinity invite feedback, suggestions and ideas for improvement/development from Foster Carers, young people in placement and other relevant third parties.

Monthly Management Meetings are conducted in venues whereby open invitation is given to local Carers to join for lunch to share ideas and thoughts as to what could be improved within the service or to confirm what is good and working for them.

Data will be maintained by Affinity Fostering’s Registered Manager in all the areas listed in Schedule 8 of Care Standards Act 2000.
